

WILL ASK RAIL LINES TO USE ONE TERMINAL

Mayor Hubbard Will Start Movement
to Put Street and Electric Roads
All Into Same Station.

Value gained made by the engineer, the department of the city is to be "exhibit A" in the city administration's greatest project. It is the inauguration of the administration's plan to consolidate all means of transportation under one roof, and will be submitted by Mayor Hubbard at the next regular meeting of the directors of the chamber of commerce.

The mayor's idea is to operate all the traffic in the city through one point even down to the taxi cabs. He will propose that Tulsa ask the railroad administration to consolidate the terminals and the electric lines into one station.

CONVENTION HALL IS PUBLIC INSTITUTION

Chamber of Commerce Directors Re-
ject Suggestion That It Be Turned
Over for Military Armory.

Use of convention hall for any other purpose than that for which the city built it didn't meet with much favor before the chamber of commerce directors. They were discussing yesterday at their monthly luncheon session the conversion of the hall for an armory for the military companies.

The people won't stand for the use of the hall for any other purpose," said A. H. Farmer, one of the directors.

Others explained that the use of it probably would result in some damage, attention being called to previous treatment of the property by a military organization.

It was suggested that the military organizations rent a building at Eighth and Main, or use the basement of the old high school building. Property valued at \$25,000 will soon arrive for the companies, and some place must be provided for keeping it. The government is willing to pay \$10 a month rent for a suitable armory for each company.

While the chamber of commerce was in sympathy with the military organizations, they did not feel like asking Commissioner McNulty to enter into a contract.

"Convention hall is an asset to the community," said Vice President Greer, during the progress of the discussion of the directors, "and while the city is called on at times to pay for maintaining the property, it is a good investment, it represents the culture and the refinement of this city and use of it that would prevent the big things in armory for doesn't meet the approval of the people, I'm sure. It is not in the class of a commercial project, and I oppose diverting its use except in an emergency for an armory."

L. E. Rosser, Alf Hageman and Tom Hartman will represent the directors in handling the situation.

TWO DIVORCES GRANTED IN COURT YESTERDAY

Two divorces were granted yesterday in superior court. The first went to Grace Klassen, who sued for relief on the grounds of cruel and inhuman treatment. John F. Klassen made default of appearance. Mrs. Klassen given custody of her two minor children, born of a former marriage.

On the ground that his wife had been at times past guilty of drunkenness and immorality, and while living in Memphis was attended several times on charges of bootlegging whiskey, C. L. Griswold was granted divorce from Anne E. Griswold.

Blissful results of the war. Can you guess? See it in our window Saturday night. Plymouth Drug Co., 419 South Main.

ROCK-RIBBED DEMOCRAT WILL SUPPORT CHANDLER

"You can just tell them all that I am rock-ribbed, yellow dog democrat," said Fred P. Langley, auditor in the office of the county highway engineer, "but I am going to vote for Bert Chandler. He is a tried man and we all know he can deliver the goods. We don't know anything about E. B. Howard, except that it was his brother's money that got him in political jobs."

TO ORGANIZE FRIENDLY VISITORS MEET TODAY

To organize friendly visitors who are going to the homes of families of soldiers, a meeting of Red Cross workers will be held today at headquarters, Wright building, at which time Mrs. Frank E. Schellenberger, chairman, will name 10 vice chairmen, who in turn will each have five women workers under them. Each of the five women will be assigned two homes to visit at intervals and in that manner the home service department will have a closer check on conditions.

WIVES FOLLOW HUSBANDS CANTONMENTS, SEEK AID

Wives of soldiers certainly are taking chances in going to cantonment towns, if they are expecting to get work there, according to a warning issued by the Red Cross yesterday. They get there, find no work, prices of food and lodging high and no chance to make a cent, and then they fall back on the Red Cross. The home service department yesterday had an appeal from a soldier's wife, who got to New Jersey and had no funds to return. The fare was \$60 and the Red Cross was not very enthusiastic about furnishing it. They checked it up to her relatives. The woman was the wife of an Indian and she started to visit her hubby, but before she reached the seaboard he had sailed for France.

NEW M'CORMACK DATE WITH PROSPECTS OF FILLING IT

Barring future accidents and incidents, which includes influenza, M'Cormack, the singer, will be in Tulsa November 20. Robert Boice Carson, impresario, announced yesterday that he had a real contract this time covering the engagement. Tickets will be on sale Monday. The program will be given in convention hall.

Where Does Howard Live?

The women ought to know—The women do know—No argument to that. They know who's who and where they live. Of all the women who know all the worth-while stuff all the time, the society editors of daily newspapers know the most. You can't fool 'em. Now that matter is finally disposed of, and we thoroughly understand each other, let's quote a little. From the society page of the Tulsa Democrat, October 31, 1918: "Mrs. Oscar Howard, of Pasadena, Cal., has arrived for an indefinite visit, and while here will be the guest of the Hotel Tulsa." Prof the Society page of the Tulsa Democrat, October 29, 1918: "Mrs. E. R. Howard, of the Thomas Hotel is in Tulsa, Okla., where she is visiting friends. Mrs. Howard expects to remain for several weeks."—Oklahoma City Times.
